Comprehensive detail, including definitions of ratings, performance criteria, and explanations of status, is available on www.ed.sc.gov and www.eoc.sc.gov as well as school and school district websites.

Printed versions are available from school districts upon request.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The Pleasant Hill Elementary School family spent the 2013-2014 academic year “Connecting the Dots” to a great education. Students, parents and staff made strides in many areas, including technology, professional learning, community involvement and school safety. In 2013, PHES once again earned the Palmetto Gold Award for general academic performance.

In the area of technology, PHES began a keyboarding initiative for second- through fifth-graders. All fifth-graders became iPad certified. Student technology scores increased significantly as 89 percent of second-graders and 91 percent of fifth-graders passed the technology assessment. We also utilized Peachjar for school and community digital flyer distribution.

School safety and positive role models are both paramount for a strong academic environment. The PHES WATCH D.O.G.S. program was a big success. Almost 200 dads spent a day at PHES serving as positive role models and enhancing school security. In addition, a Lexington County Sheriff’s Deputy was on campus several hours each school day. The PHES PTA and SIC increased campus security by adding a privacy fence behind our playground and completing fencing on the side of the playground. These two parent groups also organized the PHES Playground and Wellness (PAW) Committee to develop a new playground/wellness area for students, staff and community.

The Spanish Immersion Parent Advisory Team sponsored the first El Mercado Spanish market for fifth-graders. Our third-through fifth-graders received face-to-face Spanish instruction for 90 minutes each week through the Lexington One Language Acquisition program.

Students raised \$10,500 for SmileTrain to provide more than 40 surgeries for children with cleft palates. Students also raised \$1,855 for Pennies for Patients to help children with blood cancers and donated 644 pairs of shoes to support a clean well water initiative in Africa. PHES continues to be a Green Steps school and added battery recycling this year.

PHES teachers grew through professional learning opportunities including training in the integration of technology and the implementation of newly created student leadership report cards and state standards. Teachers also received training in The Leader in Me program, and team leaders participated in a book study of “Every Child, Every Day: A Digital Conversion Model for Student Achievement.”

As we look to 2014-2015, we recognize the need to close the achievement gap in certain subgroups of students. Our data also shows that we need to focus on science and writing in all grades. We welcome these challenges as opportunities to prepare students as they become lifelong learners, leaders and global citizens.

Principal Margaret B. Mitchum and SIC Chair Torya Evans
